My Dear Sisters, Teachers, Students, Parents and Friends,

I hope that all our teachers and parents will have the satisfaction of having given much to our students and they in turn will have the joy of going through numerous pinnacles promoting experiences by participating in various competitions in and outside the campus. Let us thank God for blessing all our endeavours throughout this year.

Our mission is to promote Holistic Development in students for the realization of their full potential. We endeavour to build in our students a value system that would stand the test of time. Truth, courage, freedom must be deeply ingrained in their personality so that they become better leaders of tomorrow.

From the Editorial Desk.....

Greetings to you. We are pleased to present you the 4th issue of "Anne Happen Bytes". Enjoy every moment you have because there are no rewinds, only flashbacks. Our Editorial Team have worked hard for you to bring up an exhilarating flashback of the success stories, the events and its achievements, a wide range of informative and inspirational happenings.

Very few have fully realised the wealth of sympathy, kindness and generosity hidden in the soul of our students. The effort of every sister should be to unlock the treasure of CSSA excellency where everyone strives indefatigably for this achievement. All our teachers have been nurturing young minds of our Institutions for the past years with the belief that "The heart of Education is the Education of the heart".

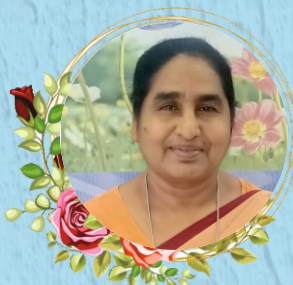

It gives us immense pleasure to ensure that this issue has successfully accomplished its objective. The reflection of the students' creativity and achievements is the epitome of the Anne Happen Bytes. This reflection is before you by the combined efforts of the Editorial Team and we take the opportunity to thank all the sisters and teachers as their contribution is the reason that makes this bulletin endearing with our readers.

Helen Keller rightly says that "The world is moved along not only by the mighty shoves of its heroes, but also by the aggregate of the tiny pushes of each honest worker". This herculean task of editing this CSSA Edu. Bulletin would not have been possible without the sincere support of the Editorial Team who sorted the cream of the institutions from the flood of enthusiastic and inquisitive Stories, edited them and finally made a fair draft of them.

Our team has dipped their oars into the turbulent waters of the journal and have sailed it to the shore of its publication. It is a fine thing to have ability but the ability to discover ability in others is the true test. Our thanks are directed to our respected Superior General Rev. Mother Anthonamma for entrusting us with the responsibility of Anne Happen Bytes. We heartily wish all the readers our best wishes and we hope this would give critical acclaim and prove itself to play a vital role in the all-round development of the students.

Thank You

Yours Ever
Editorial Team.

VIBES OF COVID-PHYGITAL WORLD

*We've woken up butterflies
On a planet we lived happily
Now has been not ours
With Covid-19 turned us to caterpillars.*

*We could only be hidden inside
Cut off from the world outside
Eat and sleep like caterpillars
Wondering when we would
fly like butterflies.*

*Now the times have changed
Covid-19 sanctions are lifted
Life seems to turn around again
Still pausing challenges to find new
avenues.*

*Life became new all of a sudden
Offices and schools worked differently
Tourism and Travels posing challenges
Focusing on family bonds strengthen.*

*The new realm of the world arose
New methods of living explored
Blended learning became a new norm
Digital and physical combined to Phygital*

*Struggles of the children are many
Moving around to play games any
Stopping or monitoring them
was a huge task
For parents, Teachers and the neighbours.*

*Revolutionary methods invented
in education
Zoom, google meet, YouTube online lessons
Made the children to get stuck
to mobiles and laptops
Learning and understanding
became a challenge.*

*Covid-19 brought about a realization
That we are just merely travellers on earth
We could, at any time, leave this place
To our final destination: GOD.*
